A WORD FROM THE DIRECTOR

Welcome to the RBA Monthly Digest! In theory, pandemics are levellers – anyone can catch a virus. In practice, poverty, inequality and marginalization have resulted in highly differentiated impacts. Africa has been disproportionately affected with 88% of SMEs in LDCs substantially reducing operations. A stronger call to development actors requires accelerated action for the SDGs. We are redoubling efforts to accompany African governments and peoples in attaining the Africa we want – with prosperity for all.
